

Elion AI RCM Summit Winter 2025

DECEMBER 8–10, 2025

Elion Summits are intimate, executive-level gatherings that bring provider leaders together for candid peer exchange, structured learning, and thoughtful engagement with carefully vetted solution partners. The experience is designed to foster collaboration in closed-door settings and provide objective frameworks that make technology evaluation and strategy more clear, actionable, and valuable.

Event Highlights

- **Prior Authorization** – Exploring how automation is cutting delays and friction
- **Digital Front Door** – What smarter tools mean for patient access and navigation
- **Patient Financial Engagement** – New approaches to billing, transparency, and collections

High-Level Schedule

- **Monday, December 8** – Kickoff at 1:00 PM CT · Opening sessions · Evening welcome dinner
- **Tuesday, December 9** – Full day · Case studies · Deep-dive breakouts · Peer roundtables · Networking
- **Wednesday, December 10** – Morning sessions · Adjourn by 10:30 AM CT

Who's Attending

- 40+ senior executives from 20 leading health systems. CFOs, CIOs, CTOs, VPs of Revenue Cycle, VPs of Patient Access, and senior leaders shaping finance, technology, and operations decisions.

“The value in the discussions and peer networking has been enormous because of the small format.”

– Attendee from a Top 15 U.S. Health System

“The curation of vendors was really strong. They were well vetted.”

– Attendee from a 7-Hospital Not-for-Profit Health System
